Investment		
1	75%	
2-4	70%	

NUMBERED NOTES — REFERENCED IN THE MATRICES ABOVE	
(1)	LPA Accept risk class, standard conforming loan amounts (excludes super conforming).
(2)	Applies to super conforming loan amounts. Per FHLMC, the same reduced limits also govern manually underwritten mortgages; this program is offered as LPA Accept only.

PROGRAM NOTES — THESE CONDITIONS ADJUST THE MATRIX VALUES ABOVE	
Rate/Term Refinance	Documented in the FHLMC Guide as a “no cash-out” refinance. Additional options are available when the existing loan is currently owned or securitized by Freddie Mac — see the FHLMC Guide chart.
LTV / TLTV / HTLTV	The matrix limit applies to the highest of LTV, TLTV (total, including closed-end subordinate liens) and HTLTV (including the full HELOC line amount, drawn or not).
Super Conforming	Loan amounts above the baseline conforming limit up to the applicable county super conforming (high-cost area) limit. Super conforming loans follow the reduced column limits shown in the matrix; see the loan limits table below.
Manufactured Homes	Different maximum ratios apply. See FHLMC Guide Section 5703.8.
Home Possible	Affordable program ratios apply in lieu of the matrix. See FHLMC Guide Section 4501.7.
HomeOne	Program-specific ratios apply in lieu of the matrix. See FHLMC Guide Chapter 4605.
Prior Foreclosure / Deed-in-Lieu	Reduced maximum ratios apply to borrowers with a prior foreclosure or deed-in-lieu in their credit history. See FHLMC Guide Section 5202.1.
Streamlined Project Review (Condos)	Mortgages relying on a streamlined project review may be subject to lower maximum ratios. See FHLMC Guide Section 5701.4.
Community Land Trust	Program-specific ratios apply. See FHLMC Guide Section 4502.5.
Enhanced Relief Refinance	Separate ratio requirements apply. See FHLMC Guide Section 4304.3.

2026 CONFORMING LOAN LIMITS — EFFECTIVE JANUARY 1, 2026		
UNITS	STANDARD (BASELINE)	SUPER CONFORMING (MAXIMUM)*
1	\$832,750	\$1,249,125
2	\$1,066,250	\$1,599,375
3	\$1,288,800	\$1,933,200
4	\$1,601,750	\$2,402,625

* Super conforming maximums shown are the FHFA high-cost area ceiling (150% of baseline). Actual limits are set per county and may be lower than the ceiling — verify the subject county limit via the FHFA / FHLMC loan limit look-up. Alaska, Hawaii, Guam and the U.S. Virgin Islands have separate statutory limits. Source: FHFA conforming loan limit values for 2026.
